

BELL PUIG

AMENITIES

House by Sanz takes a considered approach to each new property's design and the level of detail is apparent from plan to finish. Bell Puig is handsomely appointed with a full suite of amenities that have been curated with the location, climate and living conditions firmly at the fore. From the entrance, lobby and communal spaces to the private terraces and cosy quarters, each new element is the culmination of a rigorous research phase intended to make life for the residents as effortless and enjoyable as possible.

GENERAL

- ❖ High-end insulated sliding glass doors with minimal frames disappear into the walls and offer uninterrupted views of the ocean
- ❖ Gris Balear – a local bush hammered stone – flooring in the living areas and terraces feels cool in summer and warm in winter with underfloor heating.
- ❖ CAT 6 ethernet and ceiling speaker wiring throughout
- ❖ Smart flat panel controls for temperature, lighting and security
- ❖ Double height spaces in the penthouses hewn from natural stone both inside and out
- ❖ Private garages with electric doors for between two and four cars

BEDROOMS

- ❖ Solid oak wood floors with a subtle white wash
- ❖ Woodwork finished in white spray paint for consistency

BATHROOMS

- ❖ Villeroy & Boch ceramics and Hans Grohe fittings
- ❖ Natural stone cladding in each master bathroom with corresponding double stone sinks and smart storage
- ❖ Remaining bathrooms fitted with designer tiles

KITCHENS

- ❖ Miele appliances with Silestone quartz and stainless steel worktops
- ❖ Open plan design for modern living

TERRACES

- ❖ Naturally oiled Iroko wood shutters
- ❖ Hardwood decking across many outdoor spaces
- ❖ Naturally oiled Iroko wood shutters
- ❖ Outdoor kitchens with built-in barbecues
- ❖ Hedging on rooftop terrace ensuring complete privacy
- ❖ Planting and green areas throughout the gardens
